

PROJECT VITALITY

BY: ONISOKIEN & JASKIRAT

UNITED NATION GOAL 2

SUB-GOAL 2.2

OVERVIEW OF COP/DIGITAL HABITATS

- ✖ Domain Dimension
- ✖ Practice Dimension
- ✖ Community Dimension

COMMUNITY ORIENTATIONS

SIMILAR APPLICATIONS & INNOVATION

Digital Record of Progress

- ✖ Help understand impact
- ✖ Alter techniques & programs if needed

THE WHY, HOW AND WHAT

WHY, HOW, WHAT

Why

Malnutrition can be significantly prevented through implementing good breastfeeding practices

How

- ✗ Collect data through questionnaire
- ✗ Display progress with charts

What

- ✗ Progressive Web App

PROJECT VITALITY DEMONSTRATION

TECHNICAL ASPECTS

React JS

**Google
Firebase**

**Google
Charts**

REFLECTION

Feelings about Project

Good introduction to communities of practice & digital habitats.

Success of Project

We have produced a suitable MVP.

Proud Experience

Delivery of MVP was successful.

Our Learnings

Collaboration is the key for great idea and output.

What we will take with us

Always consider how to build the best app for CoP/Digital Habitats.

FUTURE EVOLUTIONS

- ✗ Upload picture of child
- ✗ Adopted for different languages
- ✗ Role Based Access
 - Supervisors can directly view and comment

THANKS!

Any questions?
